Browse & Search (con't)

On your mobile app:

- To run a basic search, tap the **Search** button on the bottom toolbar and enter your search into the top search bar.
- To browse, tap the **Search** button and scroll through the **Featured**, **Favourites**, and **All** tabs.

Borrow

- Once you find the title you want, select the green **Borrow** button beside it.
- If the book is currently in use, you will have a blue **Hold** button to press. You'll be alerted when the book is available for you to borrow via email. You can check the length of the hold in **My Books** under the **Holds** tab.
- If you're interested in a title but don't have a chance to read it right now, you can flag it on the mobile app with **Save For Later** or with the flag icon on the website.

Launch Your Book

On your internet browser:

1. Go to **My Books** and locate the eBook or audiobook you want.
2. Select the green **Read** or **Listen** button below the book cover.

On your mobile app:

1. Go to **My Books** and tap the book to download.
2. Tap **Read/Listen** of the title you want.
3. Tap **Read/Listen** again which will open the media player and download the title.
